

DAILY EVENING BULLETIN.

WEDNESDAY EVENING, DEC. 28, 1881.

THERE is a mighty conqueror,
With grim death at his back,
Whose onward march across the land
Leaves havoc in his track.

But let us keep our Pickett out
And all the Corps Lancet,
Who may by force of vaccinated arms,
Out-Jenner-al him yet.

'SQUIRE BEASLEY married five couples
one day this week before dinner.

COL. W. W. BALDWIN shipped three car
loads of mules last week to York, Pa.

MR. J. R. SOUSLEY, who recently bought
a lot on Second street in East Maysville

Inequality in Payment of City Taxes.

The plain and just requirement of
the law is, that taxation shall be uni-
form—shall bear upon all alike. Is this
rule in force under our present system of
municipal taxation? We cannot say that
it is.

The taxes paid into the city treasury
from June 1st to August 4, 1881, net-
ted the sum of..... \$19,458 90
There were assessed upon those who
paid taxes during that period..... 20,431 85
But from each man's tax list, was de-
ducted 5 per cent. for prompt pay-
ment, which in the aggregate
amounted to..... 972 85

The balance of the city taxes, we sup-
pose, when collected, will not exceed \$8,-
000, and this will be paid with 5 per cent.
added on for delay in payment until after
August the 4th. And thus, those who
were not provided with the ready money,
and could not find it convenient to pay
until after that day, will pay 10 per cent.
more on their tax lists, than the rich and
well-to-do who were provided with the
cash. Those who paid before the 4th of
August take into their own pockets the
sum of \$972.95 of the revenues actu-
ally due the city, while those who
are less fortunate in pecuniary circum-
stances, and cannot pay before that day,
are required to pay \$400 more than the
amount actually assessed against them,
and at the rate of ten per cent. more than
the others have paid.

This policy is not only unwise and un-
just, but it is a violation of the fundamental
principle of uniformity, and equality
which lie at the basis of all taxation au-
thorized in this state. If tolerated, it
must operate injuriously to the best inter-
est of our city. Laboring men and men of
moderate means with large families to
support, who people our city and supply
the force with which our industrial estab-
lishments are carried on, when they find
they have to pay, simply because of their
necessities, ten per cent. higher taxes than
their rich neighbors, will not remain long
contented. Nor will men of that class,
who are always needed and welcomed, be
inclined to cast their fortunes with us. If
the city, under its charter, has a right
thus to discriminate between its citizens,
favoring the rich and oppressing the poor,
our city fathers ought to hesitate and con-
sider well the propriety of exercising it.

How Justice is Administered.

A case was decided in one of our Magis-
trate's courts, few days ago, which is of no
little interest to the several large manufac-
turing proprietors in our city, who employ
a large number of hands. Under the law
authorizing a garnishment for sums under
fifty dollars, for provisions, clothing, rent
&c., upon an affidavit, that the debt will
be endangered by delay, a firm of manu-
facturers was garnished for a debt owing
by one of the workmen to a grocer. The
debt was about eight dollars, and below
the amount for which an appeal could be
taken. The judgment of the justice, no
matter how erroneous, must, therefore be
final.

The proof in this case by one of the pro-
prietors, was, that the firm did not owe
the defendant at the time of garnishment,
or then, at the time of the trial, anything,
that the defendant was indebted to his
employees some eighteen or twenty dollars.
The proprietor admitted, that since the
garnishment, he had advanced to the de-
fendant seven dollars, that his family
might not suffer, and because he had done
this, the justice ignored wholly the fact
that the workman was indebted to his em-
ployer, and gave judgment for the grocer
for the sum of seven dollars, and costs
amounting to about five dollars more. If
the employer had not charitably advanced
to his debtor, money to provide his family
with immediate necessities, the magis-
trates could not have rendered any judg-
ment against him. Because he did this,
he is made to pay to the grocer the sum he
advanced to his workman, with heavy
costs added.

If this is authorized by any law of the
State, or any principal of justice, we are
not aware of it. The law authorizing the
garnishment of wages, is one wholly in
the interest of greedy traders, and against
the interest of the laboring poor man. As
it is administered by careless and wilful
magistrates from whose judgments there is
no appeal, it is an abomination. It ought to
be rebuked.
